Total	23,830	23,043

The Moultrie lab was funded in FY2011 and reopened for evidence submissions on July 27, 2010. Evidence analysis will begin in that facility as soon as possible.

Georgia Crime Information Center

SEPTEMBER 2010

1. SYSTEM AVAILABILITY:

	AFIS	Enterprise Network Infrastructure*	GoNET/ 2200	IBM System	NCIC Files	NICS	NLETS
Max Hours Possible for Month	720.00	720.00	720.00	720.00	720.00	720.00	720.00
Downtime (Hours)	0.00		0.00	4.00	1.00	1.00	0.00
Degraded (Hours)	0.50	18.00	0.00	0.00	0.00	0.00	
Percent Available for Month	99.93%	97.50%	100.00%	99.44%	99.86%	99.86%	100.00%

*NOTE: DMV file was down due to a scheduled maintenance that caused a fatal error on the system. Total impact was 18 hours.

2. AUDITS:

During the reporting month there were 15 full service audits conducted. There were 16 on-site audits conducted for agencies obtaining “inquiry only” from the CJIS network and 0 follow-up audits; 9 non-criminal justice audits, and 12 fingerprint/disposition audits. The total number of audits conducted during **FY2011: 137**.

3. TRAINING:

GCIC personnel provided 258 hours of training to 2,034 criminal justice agency employees during the month.

4. AFIS REPLACEMENT

Project Description: GCIC is seeking to replace the Georgia Bureau of Investigation’s 20 year old Automated Fingerprint Identification System (AFIS). The AFIS replacement will enhance fingerprint identification services to permit identification of criminals more rapidly through the use of state-of-the-art alternative search methods and information sharing.

Monthly Update: The contract was signed between GBI and NEC for the new AFIS. A pre-kick off meeting was held with NEC to discuss the agenda for the official meeting.

5. MOBILE BIOMETRIC FINGERPRINT IDENTIFICATION SYSTEM (MOBILE I.D.)

Project Description: The Mobile Biometric Fingerprint Identification Project is a pilot project designed to test improvement in the efficiency and effectiveness of law enforcement justice operations in the metropolitan Atlanta area through use of mobile biometric fingerprint identification processes linked to jails and participating agencies through a GBI server containing a central fingerprint database and index.

This pilot project will support mobile flat print searches of a centralized database at the Georgia Bureau of Investigation headquarters through handheld fingerprint devices. At start-up, each affected jail and participating agency must have existing inmates’ fingerprints and/or master criminal fingerprint records, meeting a predetermined formula, converted to digitized fingerprint images and data for inclusion in the central fingerprint database. In addition, the centralized database will contain descriptive information and index pointers to records located at various area jails and participating agencies.

Monthly Update: The pilot phase of the Rapid ID project is processing the final Acceptance Tests for the Rapid ID system. Once all tests are completed and accepted, the pilot phase for the Rapid ID project will begin final close-out.

Rapid ID devices have been distributed and the application installed at Georgia State Patrol (GSP), Georgia Department of Corrections (GDOC), and Georgia Bureau of Investigation (GBI).

The expansion phase of the Rapid ID project has added the necessary hardware to increase the database. The database is processing the remaining fingerprints that were transferred from the Image Archive system. Upon completion of the conversion process, the Rapid ID database will house approximately 2.5 million prints for queries to search against.

6. **CJIS AUDIT PROJECT**

Project Description: This project involves the selection of a vendor that will offer online audit programs capable of managing multiple National Crime Information Center (NCIC) audit types including CJIS Audits, FBI Technical Audits and Non-Criminal Justice Audits. The audit program will store and track audit results, build audit questions, support multiple question types, identify areas of non-compliance, generate reports and automatically notify participating agencies when audit packages should be completed. The program will reduce paperwork and time needed to conduct NCIC audits and take advantage of existing connectivity options.

Monthly Update: The designated team of auditors continues to meet bi-weekly to review and revise the audit questions and data. The team is proceeding with entering audit questions into the online test system.

The audit team determined the N-Dex and UCR audits will be entered into the CJIS Audit program.

7. **CRIMINAL HISTORY/IDENTIFICATION SERVICES**

a. **Fingerprint Cards Received/Processed**

Document	Received September	Received FY2011	Processed September	Processed FY2011
Criminal Cards	1,535	3,888	1,823	4,536
NATMS Criminal	43,736	134,424	42,062	129,045
Juvenile Criminal	383	862	328	898
Applicant Cards	392	968	348	958
NATMS Applicant	23,696	71,311	22,716	68,938
TOTAL	69,742	211,453	67,277	204,375

b. **Significant Productivity Data:**

	September	FY2011
AFIS Searches (Criminal, Applicant & Juvenile)	74,919	229,996
AFIS Hits (Criminal, Applicant & Juvenile)	26,261 (48%)	111,774 (49%)

c. Live Scan (Electronic Submissions) Activity - September

1. Agencies transmitting electronically – **330** (449 devices)
2. Agency added: Reidsville Personnel Center, Albany Personnel Center
3. These **330** live scan agencies submit electronic fingerprints cards for approximately **728** agencies.
4. On average, during the month, live scan represented **98%** of total electronic and hard card criminal receipts.
5. On average, during the month, live scan represented **99.5%** of the total applicant electronic and hard card receipts.

d. AFIS Latent Activity

Inquiries September:	68,636
Inquiries FY2011:	208,953
Hits September:	62
Hits FY2011:	232

e. AFIS Remote Activity

Inquiries September:	607
Inquiries FY2011:	2,556
